High Bid Takes Tires In Antioch News Auction

Next Week's Item—400 Gal. Fuel Oil

George F. Vaupell of Rt. 5, Box 265, Antioch, can smile and step in his car with confidence when the snow flies this winter. He is now the proud possessor of the two Firestone Snow Tires auctioned off by the Antioch News last week.

Mr. Vaupell bought the tires, a \$65.87 retail value, with his high bid of \$45.89—just 13c higher than the next bid.

Mr. Vaupell, who has lived at Lake Marie for six years, maintained a summer home here for many years before making his permanent resi-

dence at the lake. He first came to Lake Marie, he says, when he was one year old. From 1919 to 1963 he was proprietor of the Vaupell Pharmacy in Chicago. Now semi-retired, he works part time for the Missouri Pharmacy in Waukegan.

Mrs. Vaupell remembers that in their early years at Lake Marie, she left her baby at a neighbor's while she paddled a canoe across the lake to get milk for her baby and the neighbor's children.

Next week's auction item will be winter insurance, too, 400 gallons of fuel oil. Although No. 2 furnace oil will be the item up for sale, it can be exchanged for No. 1 range oil by paying the dealer, Lahti Oil, 1c per gallon additional. The oil has a retail value of \$62.82, and will be delivered anywhere in Lake or Kenosha counties, in two lots if that should be necessary.

So make sure you can relax in warmth when the cold winds blow. Send in your bid for the 400 gallons of oil. Remember, high bidder takes it. Are you a good psychologist? Can you name a bid a few cents higher than anyone else will make and still get yourself a bargain?

Bids will be accepted from the time of publication of this paper and close at midnight on Wednesday, October 3. Auction rules and entry blank can be found on another page of this paper.

Another Shoot Set for Sunday

Antioch area marksmen, after sharpening their eyes at the Lions Club Turkey Shoot held last week, will be aiming towards the Jaycee sponsored event scheduled for Sunday.

The Junior Chamber "Merchandise Shoot" is set for 10 a.m. Sunday at Moose Lodge No. 3, near Norshore Resort. Hams and bacons will be the prizes contestants will be shooting for. Skill targets for rifles will also be set up. "Participants must get their shells at the shoot," a Jaycee spokesman said. Some 27 prizes will be put up for contestants to shoot for and a refreshment stand will be operated during the event.

Lake County Masons Will Be Guests at Dinner October 3

Master Masons of Lake County and adjacent areas who are interested in attaining the higher degrees are invited to be guests Wednesday, October 3, at a dinner to be held in the Karcher Hotel, Waukegan.

The dinner is one of a series being conducted by the Fraternal Relations Committee of the "Valley" of Chicago, Scottish Rite, which will confer from the 4th to the 32nd at its fall reunion, November 30 and also December 1.

To accommodate the large class anticipated and the equally large attendance, the ceremonies will be held in Medinah Temple, 600 N. Wabash Ave., instead of as usual in the Scottish Rite Cathedral.

Leslie N. Nordhausen, 171 Westfield, Graylake, phone BA 3-7541, is chairman of the district sponsoring this dinner. Speakers will include William A. Backus of Chicago and Harry F. Hanlin of Joliet, both 33rd Masons. All emphasize there will be no

charge for eligible Masons attending the dinner, nor will reservations be required.

The Scottish Rite has almost 23,000 members in the Chicago area, with a large representation in Lake County and the north suburbs. Its degrees are entirely non-sectarian and emphasize religion, patriotism, loyalty and steadfastness.

The Chicago "Valley" is participating in the current American Masonic Heritage week, which will culminate Saturday, October 6, at 3 p.m., with dedication of a marker at the monument to George Washington, Robert Morris and Haym Solomon at Wacker Drive and Wabash Ave. All three were Masons.

Members of the November 30 and December 1 Scottish Rite Class will be eligible to membership in Medinah Temple, which will initiate a large group of new Shriners on December 8. Officially there is no connection between the two bodies, but the 32nd is a prerequisite for becoming a Shriner.

Men's Club Will Hear Larson

Charles E. Larson will speak at the Methodist Men's Club dinner Monday night, October 1st. Chief Deputy Sheriff Larson is a graduate of the famed Leonarde Keeler Institute for criminal lie detection. He has been recognized as one of the top ten Polygraph (lie detector) examiners in United States and has practiced his skills for the Sheriff's department of Lake County. He also graduated with honors from the Federal Bureau of Investigation Academy at Washington, D. C. Mr. Larson will tell of the operation of the lie detector.

This is the first dinner of the current season for the Methodist Men's Club and will be held at 6:30 p.m. in Wesley Hall of the Methodist Church. The dinner will be served by the Woman's Society of Christian Service. Men of the community are invited. Tickets may be obtained at the door.

'63 Cancer Chairman

Dr. Armiger H. Sommers, Mr. Charles A. Wilcox, chairman of the Executive committee, Lake County Chapter of the American Cancer Society, is happy to announce that Dr. Armiger H. Sommers has accepted the position of Crusade chairman for the Lake County Chapter for 1963.

Dr. Somers was born in Clarksdale, Miss. He received his schooling at Clarksdale Grammar and High School. He was graduated from the University of Notre Dame in 1942. He did graduate work in the Chemistry Department at Notre Dame and received his Ph. D. in 1947.

Dr. Sommers has been with Abbott Laboratories since 1947 in the Research Division. He worked first as a research chemist; now he is responsible for science information functions. His title is: Head, Science Information Department. He is married to the former Lenore Olson and they reside in Lake Forest. They have five children, three boys and two girls. The Sommers belong to St. Mary's Catholic Church in Lake Forest. Dr. Sommers is a member of the American Chemical Society. He is active in the Cub Scouts and was a Cubmaster from 1958 to 1961 and is a Committee Chairman at the present time.

Relief Load Down

SPRINGFIELD, Sept. 14—For the fourth consecutive month the public aid caseload declined during July to a total of 440,852, a drop of 4,060 persons from the June total of 444,912 according to a report released today by Harold O. Swank, executive secretary of the Illinois Public Aid Commission.

Swank also reported assistance payments for the month totaling \$25,176,699 as compared with \$24,972,919 in June and \$21,401,955 in July 1961. These totals include payments for burials, foster care for ADC children removed from unsuitable homes, and care for the medically indigent in Chicago and Cicero.

Teacher's Workshop, New Area Of N. W. Conference Interest

Dignitaries Present At Dedication

A host of church and temporal dignitaries were present Sunday when the new social center of St. Peter's Church was dedicated.

The impressive ceremonies took place at 4 p.m. and included a blessing of the new building by Albert Cardinal Meyer, archbishop of Chicago.

The dedication ceremonies were followed by a dinner attended by 96. Governor Otto Kerner was among those present. His Eminence Cardinal Meyer, 31 monsignors and 63 priests.

The dinner was served by the ladies of the parish. Chairmen of the dinner arrangements were Mrs. Thos. Runyard, Mrs. Robert Berg and Mrs. John Rampp.

Lindhurst Group Discusses Problems

By Bernice Bernau
Approximately 40 people attended the Citizens' party meeting Saturday evening at the Lindhurst Civic Center. Warren Flint was elected publicity chairman; Raymond Verdict, caucus chairman; and Mrs. Denver (Mary) Shore, entertainment chairman.

Topics discussed were weed cutting, roads and the police department. Plans were made for the coming election in April of 1963. Anyone who is interested in being a trustee or village clerk is asked to contact Ray Verdict or Tony Drago, chairman. Four trustees are needed.

Other officers are Mrs. Floyd Stanley, vice-chairman; Mrs. Frances Prohaska, treasurer; and Mrs. Raymond (Dorothy) Verdict, secretary. They plan on having a representative of a bonding company at the October meeting, to give an estimate of what it would cost each home owner for sewers. This should be of interest to every resident.

Parent's Night At A. T. H. S. Oct. 3

The first P.T.A. meeting of the school year of Antioch High will see parents going back to school for the evening.

All parents of High School students will go through their child's schedule and meet his or her teachers in their rooms.

Parents' night will start at 8 p.m. on Wednesday, Oct. 3. Parents will also have a chance to see the new addition to the school.

Former News Writer Now Instructor

Acting as instructor of a class in creative writing at the University of Wisconsin in Kenosha, is a former assistant editor of the Antioch News, Mrs. Torrance A. Thronson of Kenosha. Mrs. Thronson is the Wisconsin and Illinois writer Olive Broseau, who was for several years a staff member of the News. She also wrote for a number of other publications and contributed short stories and feature articles to magazines and newspapers as a free-lance writer.

She retired from active newspaper work following her marriage, but has occasionally acted as an adviser to writing groups, including the Hospitalized Veterans' Writing Project, and has taught classes in writing and English composition from time-to-time.

Grand Opening of New Gibbs & Jenson Store

"Bigger, more and better" is the word for the new building and the stock which will be displayed when Gibbs and Jenson open their doors for their Grand Opening in their new store at 348 Lake Street, across the street from their old location.

The Grand Opening will start at 9 a.m. Friday, September 25, and continue until 9 p.m. and through Saturday.

Suit Brought For \$100,000

Nicholas Ganzer of Chancel Lake, through his mother, Grace, has brought suit for \$100,000 in Lake County Circuit Court against Thomas and Blaine Ring of Tiffany Road in Antioch.

Young Ganzer was riding in a car driven by Tom Ring when it collided with another auto. Ganzer was injured. The accident occurred on September 29, 1960, on Route 173.

GRAY LADIES NEEDED AT DOWNEY

Gray Ladies for service at Veterans Hospital at Downey are needed and your Lake County Chapter of the American Red Cross asks that women of Lake County who can devote one day each week to serving others, please contact your Red Cross by calling ON 2-4044 or writing to: 308 Julian St., Waukegan.

Twenty - one Districts Receive Taxes for 1961

Personal property and real estate taxes totaling \$278,681.59 were distributed last week to 21 taxing districts in Antioch Township, according to County Treasurer Hugo L. Schneider, Jr.

The distribution was the third made of 1961 taxes collected during the current tax collection period, Schneider reported.

Total collection of the various taxing districts in the Township to date is as follows: Antioch Township, \$13,300.13; Township and Village Road and Bridge Funds, \$28,000.36; High School districts, \$436,588.23; Grade School districts, \$477,039.08.

The Fire Protection districts received \$10,937.96; the Library district, \$12,250.14; and the Village of Antioch \$48,027.86.

County taxing districts and departments received \$91,350.90 from Antioch Township property owners, and the Forest Preserve District received \$8,050.09 and the Town Gravel Tax share was \$35,000.36, Schneider added.

THE PETITE LAKE PARK Women's Auxiliary, represented by Florence Magnuson, Olga Robinson, and Freddie Sleary, President of the Auxiliary, present a check for 100.00 to B. J. Hooper, Treasurer of the Countryside Hospital Association.

Permit Requested

Mrs. Mae Drije, Route 5, Box 190, Antioch, has made application for a permit for the construction of a steel sheet retaining wall and small boat harbor on Lake Marie, approximately one mile west of Antioch at parts of Lots 1, 2 and 3 of John P. Bowles' Subdivision, according to an announcement from the office of W. J. Payes, Jr., director of the Department of Public Works and Buildings.

Gibbs & Jenson's carries both men's and women's sport clothes, and hobby and sports materials. Among the 75 door prizes to be given away will be slacks, sweaters, a golf bag, jackets and blouses.

The new building, costing about \$30,000, was started last May. The same quality products carried by the Gibbs and Jenson store for years at their old location will be displayed, with more clerks to serve customers.

The program will start at 8:30 a.m. and will be in session until 1:30. The administrators of the various schools will be in charge of their respective schools for the subject areas assigned to their schools. It is the opinion of the administrators and teachers that an exchange of ideas on the secondary and local level will be very beneficial as a supplement to the general meetings held by the Illinois Education Association and the office of the county superintendent.

The work shop has been given approval by Dr. Petty, Lake County Superintendent of Schools and will be counted as a teachers' institute day.

Two areas will be covered in each of the eight schools which will host teachers Friday. In Antioch, Dora Beattie will be in charge of the Business Education program and Kenneth Smouse will host visiting teachers in the English and Speech Education department.

In each case, papers will be read by some of the speakers on the program, followed by a question and answer period and discussion of ideas presented. The Workshops will deal largely with methods and techniques of instruction in the particular subject being dealt with, and new trends in instruction.

Twenty-five guest teachers are expected in the Business Education department at Antioch on Friday, and about 60 in English and Speech education.

Albert Dittman, principal of Antioch High School, said, "This, in my opinion, is a wonderful thing. It shows that the Northwest Conference is active in areas other than athletics, music, etc." It is the first conference of its kind in the Chicago area, Mr. Dittman said.

State Trooper Nabs Thieves

Three Antioch boys and one from Lake Villa were arrested by State Trooper Lavoid Crawford in the early morning hours Sunday when he caught them breaking into milk and ice machines at the Antioch Bowling Alley.

The boys were taken before Police Magistrate Duane Bennett of Round Lake Park, who bound them over to County Court.

John Lloyd, 18, of Lake Villa, was released on \$1,000 bond. Edward Snipes, 20, of Antioch, was held in Fox Lake jail in lieu of bond.

The other two boys, 15 and 16 years of age, were both from Antioch. Officials would not release their names.

Crack Down On Carriers

SPRINGFIELD, Ill., Sept. 20—C. W. Peebles, Chief Law Enforcement Officer of Motor Carrier of Property Section of Illinois Commerce Commission, today advised all of his Investigators to start on October 1, 1962, arresting for hire carriers who fail to display current franchise on their vehicles.

The directive was sent to the section's fifty investigators.

The Lake Villa American Legion Post No. 119 will hold a rummage and bake sale Saturday, September 8, at the Lake Villa Village hall, starting at 9 a.m. till 7 p.m. Come and browse around, you may see something you can use, or maybe buy some homemade goodies.

Name 1963 Chairman of March of Dimes

CHICAGO — Robert C. Liebenow, president of the Chicago Board of Trade, will serve as Illinois Volunteer State Chairman for the 1963 March of Dimes Jan. 2-31.

Name Date Of Jaycees Gala Dance

The Lake Region Jaycees launch their second year of activity with a gala Charter Celebration and Community Awards Dinner Dance on Saturday, October 20, at the Wing 'n Fin Club, Volo. The public is invited.

The dinner-dance should be one of the biggest social events of the year for the three communities serviced by the Jaycees—Antioch, Fox Lake and Lake Villa.

The evening will feature cocktails, dinner, dancing to the 10 piece Ollie Raymond Orchestra, a community awards program, and a floor show provided by Ollie Raymond and Connie Mitchell of CBS Radio, Chicago.

"Man of the Year" community service awards will be presented by the Jaycees to the outstanding citizen of each of the three communities, and leadership awards will be given to the outstanding senior of both Grant and Antioch Township high schools. The Jaycee of the Year will also be named that evening.

Tickets may be obtained from any Lake Region Jaycee member.

Little Notes Out: U.S. Post Office

The U. S. post office is putting an end to those annoying little envelopes which are too small to carry both address and stamp and which so easily get lost in the shuffle if you have much mail.

After January 1, 1963, minimum size for an envelope will be 3x4 1/4". This rules out those ridiculously small envelopes sometimes used for shower invitations, thank you notes, etc.

If you've laid in a stock of these tiny envelopes, better unload them now. After Jan. 1 it will be too late.

June Sales Tax in Lake Co. and Antioch

SPRINGFIELD, Sept. 17—City sales taxes collected in July on June tax liability grossed \$55,864,606 and county sales taxes for the same period grossed \$382,581 Revenue reported today.

The amount of the County Retailer's Occupation tax and County Service Occupation Tax (less 4% administration expense) in Lake County for the month of June was \$17,309.33.

The amount of the same tax collected in Antioch was \$5,655.88.

EDITORIAL

Gripe When It Counts

The Lake County Liquor Commission has made a persistent and, we're sure, sincere effort to close one of the taverns most blatantly breaking the law in regard to selling liquor to minors.

They have twice revoked the license of the Last Resort. And the Last Resort, twice found guilty, still remains open pending the hearing of an appeal to the State Liquor Commission.

It's at least six weeks since the license of the resort was first revoked. It now appears that the appeal to the State Board will not be heard until October 17 at the earliest. Should the State Board reverse the finding of the County Board, and find the Last Resort innocent, the hearing of the second appeal could again be staved off indefinitely. And the Last Resort could stay open indefinitely.

We can't help wondering if someone isn't dragging his feet. Does the State Liquor Board have so many cases to hear that it takes this long to get to one?

We think it's time anyone who wants to see some of the trouble spots in the county cleared up raised their voices and let public officials know how they feel. If you hope the County Board will continue its clean-up, say so. Write to Robert Dickson, Chairman of the Co. Board, and to your town supervisor (a member of the Liquor Board) and let them know your feelings. Write to your State Liquor Board in Springfield and let them know that everyone in Lake County doesn't wink at the contemptuous disregard for the law evidenced by the tavern owner who sells liquor to minors.

We think the Tavern Owner's Association has a responsibility here, too. In the interest of the reputable, honest tavern owner, they should join in the fight to keep their own ranks clean. Tavern owners who profit illegally, and refuse to obey the laws of the land and of decency could certainly be made to feel some weight of disapproval from this group.

But first and foremost, the individual citizen, each parent who wants to see the county made a decent place for his children to live, must do his part. Speak out. Quit aimless griping about what isn't done. Griping where it will do some good—to the public official charged with the job you want done. And applaud just as loudly when they do a job you want done.

Your Governor Reports

by OTTO KERNER

Dr. Frederick Seitz, head of the physics department, University of Illinois, was honored this year by election to the highest honor accorded a scientist in the United States. He was named president of the National Academy of Sciences. The Academy, with a membership of 650 of the nation's outstanding men of science, is a leading advisory agency to the government.

Dr. Seitz' stature as a scientist has brought distinction to the university and the State of Illinois. In view of this high honor, a reception and dinner was held for him at the University Club in Chicago last Monday night. Guests attending were the presidents and deans of the physics and engineering departments of five Illinois universities which offer graduate work in these fields: University of Illinois, Southern Illinois University, Illinois Institute of Technology, Northwestern University and the University of Chicago. Other guests included scientists of Argonne National Laboratory and representatives of Illinois industry with close interest in research and development.

William J. Halligan, chairman of the board, Halliercrafters, Inc., served as chairman of the sponsoring committee and toastmaster at the dinner.

Dr. Seitz received a bachelor of arts degree in mathematics at Leland Stanford University, and a doctor of philosophy degree in physics at Princeton University. He was a Proctor Fellow in 1934. He received honorary degrees at the University of Ghent, Belgium; University of Reading, England; Rensselaer Polytechnic Institute and Notre Dame University. He joined the University of Illinois faculty in 1949 and in 1957 was made head of the physics department.

Dr. Seitz, who has authored many scientific papers and books, helped in the development of the atomic bomb. He has advocated development of more powerful weapons by the United States while seeking disarmament with inspection.

The dinner meeting Monday night was a tribute to a deserving scientist. It is an honor for the State of Illinois to be so represented in the field of science, and it is this thought that prompted my action in planning the dinner.

Courthouse Notebook

BY LOU BURKIN

A political writer's calendar for the next few weeks is taking on the appearance of a Society Editor's date book with a string of luncheons, teas, and dinners on tap for various women's political organizations across the county.

For the Republicans—this week there are the Lake Forest-Lake Bluff Women's Club luncheon at the Bath and Tennis Club on Thursday and the Tri-County Republican Men's and Women's Republican Club dinner at Barrington's Biltmore Country Club on Friday evening.

The Tri-County group is a new organization covering Lake, McHenry and Boone counties, the trio of counties comprising the 12th Congressional District and the 52nd Senatorial District.

There is also a 12th Congressional District Women's Republican Club and one of these is an all-out supporter of GOP Congressional candidate Robert McClory.

The other group is supporting him somewhat reluctantly with an eye for the future.

Lake County Democrats got a big morale boost Sunday when U. S. Senator Paul Douglas and State Treasurer Frank Lorenz turned out for the Central Committee picnic at the Serbian Monastery.

The silver-haired senior senator from Illinois spoke in glowing terms of U. S. Rep. Sidney Yates who is the Democratic opponent for Sen. Everett M. Dirksen in the Nov. 6 election.

The appearance of the Democratic big guns in this strong Republican area is further indication that the Democrats consider this a key campaign area where every effort will be made to cut into traditional GOP victory margins.

A strong showing by the Democratic state ticket in Lake County in this election could flush more Democrats out of the bushes in future campaigns and endanger the historic Republican domination of the county building.

This may be a few years away, but it appears at this point that the Democrats are finding new supporters daily in their search for votes in Lake County.

The handmade model of Lake County's new courthouse was on display at the annual dinner meeting of the Lake County Easter Seal Society last week where Court-house Architect William Ganser was the principal speaker.

The model evoked words of praise for the new structure and strangely enough there was little concern about the cost or the location.

Most of those we overheard commenting on the courthouse after inspection of the model were pleased and proud that a first class structure was being planned instead of a makeshift addition or a pinchpenny, barely adequate building.

Few of those we heard seemed aware that there was supposed to be a mid-county annex built at the same time and those who did comment on this part of the building program indicated that such a building might be necessary or desirable in the future.

There was no favorable sentiment for simultaneous construction of two buildings, however.

Fellow-candidates of Karl Berning, Republican candidate for County Treasurer, donned aprons at the Deerfield Legion Home Sunday to serve as waiters at the Berning Spaghetti Dinner, but no mishaps were reported. Berning, now serving his second term as West Deerfield Township Supervisor and making his first county-wide race, has gone in heavily for head adornment in his campaign gimmick.

There were Berning skimmers, beanies, and painters' caps in evidence at the dinner which drew a good turnout of committeemen, supervisors, and voters.

Welch, we can do as much for our Supervisor, Red Murrie, says Men's Club Proxy Herb Horton.

Welch's affair has traditionally been a stag outing, but the ladies will be welcome at Murrie's, a possible improvement.

Along The Way

with Annie Mae

A year has passed (almost) Since Annie Mae took this post.

I've watched you at both work & play.

Noted many things about you Along The Way.

Your vacations have come and went (?).

And cards to me you have sent.

Tired and weary and filled with frustration,

It's my turn now to take a vacation.

A hidden cottage with a babbling brook,

Or dinner at eight in a secret nook.

Rest, relaxation and fun I seek,

But watch yourself, friends, I'll be back next week!

I'm on my way.

Cuba's boiling, Argentina's erupting and Berlin has again died down to an uneasy simmer. The Atomic Energy Commission and scientists, including Van Allen, who discovered the Van Allen belt, are wondering how they could have gone wrong in their predictions that the July high-nuclear test would have little effect on the radiation belt that surrounds the earth. You can't tell the players without a program. And the world stage is a busy place. We hardly have time to get alarmed over one situation before it's pushed out of our minds by a fresh danger.

In the midst of all this, candidates for political office are clamoring for the voters' attention with Kaffee Klatsches, luncheons and dinners. A good digestion must be a prerequisite to candidacy for office. We wonder how many of the candidates have stated exactly what aim they have in seeking the office to which they aspire; what workable solution they have to some of the existing problems for which they will work and which makes them more worthy of our vote than their opponent.

In spite of all the publicity and the pictures, it's a safe bet that five out of ten voters will go to the polls without the faintest idea of who's running for what office, or what the candidates' qualifications are. As for the blue ballot on judicial reform, we don't blame them if they close their eyes and jab to mark this one. It would take a Philadelphia lawyer to figure out all the ramifications of the new judicial system, and few meet the qualifications. However, we can read the pros and cons—there seem to be a few dissenting voices—and take the advice of those whom, we hope, know what it's all about.

TV Flops
A lot of the touted TV shows are disappointments, and none more so than Jack Paar's show last Friday night. We could only think, "Shoe-maker, stick to your last." Wonderful on personal interview shows, either this type of show is not for him or he had been too long off camera to relax and make a swinging show of it. It was boring, and his presentation of the people who took part in the real-life drama reminded us of one of Ralph Edwards' "This Is Your Life" shows. Than which there is nothing worse.

The Chicago Motor Club reminds drivers that alertness is one of the basic prerequisites for safe motoring. To be alert, you've got to be in good physical condition. Safe drivers are rested drivers.

Boy Scouts To Attend Conference

Future executives of America, although only 12 and 13 years old now, will attend their first leadership classes Saturday, October 6, at Deere Grove Forest Preserve where the Boy Scouts of America will hold its annual Junior Leaders Training Conference. Over 200 Troop officers, patrol leaders and assistants, all members of their Troop Green Bar Patrols in the North Shore Area Council, will learn the principles of directing and developing their Patrols. Subjects are on the boy level and cover Scouting skills and experiences, but they teach the basic theory and methods of unit operation which the leader can take back to his Patrol to make its members better Scouts, campers, and citizens. Eventually he will use this knowledge in his business and social adult life.

The facility for this Conference has been recruited from all over the Council and is made up of experienced Scoutmasters and trainers who have been particularly successful in their subjects.

Each troop's Green Bar Patrol attending will be accompanied by its Scoutmaster or his appointed assistant who will act as adviser to a Patrol.

Scouts will be assigned to patrols of about 8 boys which will in turn form Troops to rotate around the 8 subjects starting at 8:30 a.m. on Saturday, Oct. 6. Many participants will arrive Friday night to camp in this wooded area of Deere Grove Forest Preserve and stay after the closing campfire assembles ending at 8:30 p.m. Saturday, to camp that night for a week-end of good fellowship, fun and education.

Green Bar Patrol members who have not made arrangements to attend this once a year Conference should contact their Scoutmaster immediately so that he can make reservations for them at the North Shore Area Council service center in Glencoe.

Sales of Savings Stamps and Bonds
Postmaster Roy Kufalk said today he had received a letter from William H. Neal, National Director of the U. S. Savings Bond program, commending the local post office for its efforts in the promotion and sale of U. S. Savings Stamps.

"You and your associates have helped to make the Treasury's school Savings Program the success it is today," Mr. Neal wrote. "It is regarded as a most important instrument in teaching citizenship and thrift."

Now as another school year opens, you will again have the opportunity of contributing to this important means of thrift education. I personally believe that a part of every American's savings belongs in U. S. Savings Bonds, and there is no better place to begin than with the youthful investment in Savings Stamps.

"On behalf of the Treasury Department, may I express sincere appreciation and ask for your continued active cooperation. Through the sale of P. S. Savings Stamps you offer a convenient service to schools, and to the public in general."

Postmaster Kufalk expressed his own endorsement of the Treasury Department's School Savings program for the purchase of Savings Stamps and Bonds. Savings Stamps in 10c, 25c, 50c, \$1 and \$5 sizes are on sale at the post office at all times.

Set Rules for Young Drivers

Teenage boys and girls who want to drive cars need supervision and control from parents, emphasizes a University of Illinois extension family life specialist.

Mrs. Marguerite Lynch explains that control is necessary for two reasons: First, extensive use of a car cuts a youngster's school grades. One recent study reports that a student using a car every evening is 20 times more likely to get F than A grades. Grades drop because using a car is time-consuming, robbing study time. Furthermore, boys usually spend considerable time in caring for and exploring the inner workings of a car besides driving around.

Second, teenagers tend to show off when driving. In one survey, four out of 10 teenagers admitted this practice. Boys and girls who drive carelessly are hazards on the road because they are likely to have and cause accidents.

Here are some ways in which parents can supervise the use of the car:

Set boundaries on when and where your teenager can drive. For example, insist that most social driving be saved for weekends.

Establish a night-time curfew and an understanding about who is to ride in the car. Wise parents will insist that the riders include several level-headed young people.

Set limits on driving speed and the amount of money

combles ending at 8:30 p.m. Saturday, to camp that night for a week-end of good fellowship, fun and education.

Green Bar Patrol members who have not made arrangements to attend this once a year Conference should contact their Scoutmaster immediately so that he can make reservations for them at the North Shore Area Council service center in Glencoe.

that can be put into gas, parts and repairs.
Have your teenagers enroll in drivers' education classes and use all other means to develop their driving skill and appreciation of good driving habits.

Finally, encourage good driving practices by being a good example yourself.

Retail Food Market

CHICAGO — Turkey retail prices showed first signs of cracking for the fall peak production season, the recent cost climb "topping off" in the wake of the first government purchases for school lunch programs.

With the major part of the new-crop turkey year well under way, and in the face of some 6,000,000 more pounds in storage than last year, the immediate effect was some easing of the prevailing 39-49c competitive and 35-37c promotional retail levels.

Other poultry and red meat lines showed retail price weakening, too. Fryers recorded a lower 39-43c range in more stores. Market resistance developed with eggs and retails were shaded to 59-63c for Grade A large and from 35c for Grade A small.

Most retailers shaved 10c off the top side of retail ranges for steaks. New ranges showed sirloin 89c-\$1.19, porterhouse 98c-\$1.39 and round steaks seldom higher than 98c.

For the week at hand, the consensus values are rated as: Poultry—turkeys, fryers; Meats—beef pot roasts, steaks, rib roasts, pork shoulder steaks, bacon, Boston butt roasts, lamb leg roasts; Produce—apples, grapes, prune-plums, pears, beans, cauliflower, celery, yellow onions, squash, cucumbers.

The October calendar of produce values (indicates peak supply month) includes: Fruits—apples, coconuts, cranberries, figs, grapes, western oranges, pears, persimmons, pomegranates, prickly pears; Melons—Cassaba, crenshaw, honeydew, Persian; Vegetables—onion, artichokes, beets, broccoli,

Brussels sprouts, cabbage, carrots, cauliflower, endive, escarole, leeks, mushrooms, parsnips, peppers, pumpkins, squash, tomatoes, turnips.

Koffee Klatsch

Some 50 Antioch women attended a Koffee Klatsch at the home of Rose Plechaty, Democratic committeewoman of Antioch, to honor the following Democratic candidates:

Francis S. Lorenz, state treasurer; John Clark Kimball, candidate for Congress in the 12th district; John Matijovic, candidate for state representative, 31st district; Joseph Armando, candidate for Sheriff of Lake county, and Leo F. Kukla, candidate for County Treasurer of Lake county. Also present was Rita Slater, Lake County Democratic chairwoman. Jack Bairstow, state representative, was unable to be present, but sent regrets.

A buffet lunch was served. Mrs. Rose Plechaty thanked all the women for attending her Koffee Klatsch and asked them to work hard with her for a victory in November.

By a curious coincidence, Citizens Public Expenditure Survey reports, last April 16, the deadline for paying federal income taxes, also was Tax Freedom Day. Up to that day, the typical citizen had been working to support government — federal, state, and national. Taxes now add up to 20.1 per cent of the net national product, which is the total earnings of all businesses and individuals in the country.

Eat Breakfast And Reduce

Skipping breakfast doesn't help you take off those extra pounds.

This mistaken idea about losing weight by omitting breakfast causes many women and girls to feel sluggish and cross and to slow down, says Harriet Barto, associate professor of dietetics at the University of Illinois.

Skipping on breakfast can only mean that you are cheating your body of its nutritional needs. Remember that it's been a long time since last night's dinner, and your body needs breakfast to function properly until noon-time.

If you cut down or omit the morning meal, you will be more likely either to snack before lunch or to eat more than you need at the regular noon meal. You'd be better off if you ate a moderate breakfast.

Protein ought to be included in every breakfast. It has a "staying power," that takes you through the morning without feeling so hungry. Then you won't want to eat so much when the noon whistle blows. That makes it easier to follow your planned diet.

The best way to control body weight is to decide the daily amount of food you need and to eat just that—no more, no less. A homemaker may need from 1,600 to 2,300 calories a day, depending on her size and kind of activity.

Sound dieting calls for cutting down on calorie intake by eating simple lunches and omitting between-meal nibbles. Never skimp on breakfast. There are about 200 calories in a breakfast of 1/2 cup of citrus fruit juice, an egg, one slice of lightly buttered toast and unsweetened coffee, and at last 350 calories in the gooey dessert you think you can eat because you skipped breakfast.

Remember, eat a good breakfast, lose, gain or keep the same weight. You owe it to your body.

GOP Dinner On Oct. 14

Women Republicans from all parts of Lake County met this week at the home of Mrs. Max Wildman to make posters and decorations for the Republican Federation Dinner being held October 14, at the Chevy Chase Country Club near Wheeling. The women are also helping with the sale of tickets for the dinner and ticket chairman, Adeline Geo-Karis Lambros reports that over 800 of the 1,000 tickets have been sold. Tickets for the dinner, that will have Senators John Tower and Everett Dirksen as speakers, are available from Republican Precinct Committeemen or from the Federation Headquarters, 116 North County St., Waukegan.

Among those present at Mrs. Wildman's were Mrs. Ernest Derreberry, President of the Tri-County Republican Club; Mrs. Harmon Woodworth, President of the Lake Forest-Lake Bluff Women's Republican Club; Mrs. George Lilley, President of the High-

land Park Women's Republican Club; and Mrs. E. S. Campbell, President of the Libertyville Women's Republican Club.

Sabin Sundays Cancelled in Kenosha Co.

Kenosha County has postponed its scheduled Oral Polio Vaccine program until the question of its safety has been resolved, probably next spring.

Reason for the postponement was the development of paralytic polio in some adults who had taken the Type 111 vaccine in other portions of the country.

The massive immunization program against polio was slated to begin in Kenosha County on October 21.

Although no children have developed polio as a result of immunization with the Sabin vaccine, there have been four cases reported in Canada and 12 in the U. S. among adults taking Type 111. The incidence is very small, as millions were given the vaccine without harmful effect. However, several areas have abandoned plans for immunization with a "wait and see" attitude.

Many Treasures in Old Home

By Mrs. Bernice Bernau

Twelve members of the Lindenhurst Garden Club toured the home of Mr. Philip W. Anderson in Millburn last week for their project.

The home is of the old Victorian style built in the 1860's by Mr. and Mrs. Robert Strang. When Mr. Anderson purchased the place 12 years ago, he restored, decorated and furnished it. The grounds cover three acres and are covered with beautiful growing plants.

The three car garage was once an old carriage shed. An old fashioned telephone hangs on the inside of the door, and is hooked up, ready for use. The bricks that were used to build the home in the 1860's were hauled here by horse and wagon from Milwaukee. The trip took one day each way.

The front and back parlor are furnished in true Victorian style. An organ manufactured 130 years ago, still is in working order.

The master bedroom is furnished with a matching black walnut bed and dresser set, made in 1887.

The dresser has a beveled edge mirror, a 60 pound marble top base and still has the original lamp stands on the side.

The large old fashioned kitchen in the rear of the house is furnished with a solid oak kitchen table, captain's chairs, an old fashioned wood and gas stove complete with stove pipe.

The tea room has a small desk from a Chicago court room, made in 1860.

In the dining room, guests are served tea, coffee, cake, cookies and mints after the tour. A cabinet that contains many of his prize antiques was a Lincoln book case with the doors removed. A beautiful desk in this room is a miniature of a German castle on the Rhine. It was made in and brought over from Germany for the 1893 World's Fair in Chicago, and was used in the German building. The walls when opened reveal pigeonholes and letter boxes. The stairs hold pencils when the drawer is pulled out. In the base are more filing cabinets. The year, 1893, is carved in the base.

One of the chandeliers was brought here from Norway. The staircase in the hall is all hand carved of black walnut wood. All the original shutters are still on the windows and close from the inside.

Mr. Anderson's main collection consists of cut glass, Bohemian and cranberry glass. He has several pieces of Dresden china, hand painted china and carnival glass. He obtained a blue mercury glass vase this past summer in Lake Villa. It is quite rare. An old album with a velvet cover is on display. Jewelry boxes of all types are exhibited.

Mental Health Film Fair Held

Over 125 representatives of Lake County school districts, churches and PTA's as well as several interested individuals attended a Mental Health Film Fair Sept. 20 at West Campus, Waukegan Township High School. The fair was a joint project of the Lake County Mental Health Society, the Lake County Health Department and the WTHS Adult Evening School.

Following a welcome by Thomas W. Mann, evening school director, participants heard mental health society president William Rose outline the nine-year history of the society and its progress toward its major objectives: "Providing mental health services to the county through efforts to establish additional psychiatric services such as psychiatric beds for the acutely disturbed mental patient;

Mental health education aimed at dispelling the stigma that has been associated with mental illness so that people will seek out and accept help in solving their difficulties;

Creating a community climate of knowledge and understanding about mental illness, its prevention and cure, so that an atmosphere conducive to the promotion of sound mental health can be maintained.

"Because we in the Mental Health Society recognize the importance of mental health education, we have joined with these two organizations to present this film fair, in the hope that each PTA, church and civic group in Lake County will have one program on mental health during the year. The films shown today represent one kind of mental health program available to groups."

Requests should be made to Dr. Robert P. Barrell, chairman, Education Department, Lake County Mental Health Society, 32 N. Utica St., Waukegan, stating date, time, place and type of program desired.

North quarter of Sec. 16, Twp. 46 N., R. 9, East of the 3rd P. M., in Lake County, Illinois.

As a result of the petition of S. E. BOWLES, trustee, etc., which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

ALL persons interested are invited to attend said hearing and be heard.

DEATH NOTICES

THURERA R. SCHLAX, 89, of Salem, Wis., died Friday at 5 a.m. at St. Joseph's Home for the Aged at Kenosha. She was born October 22, 1872, in Brighton Township, Kenosha Co. She moved to Salem in 1900.

Theresa Ludwig married John H. Schlax on June 20, 1900, at Geau Church in Milwaukee. She was a member of Holy Name Church in Wilmot and of the Altar and Rosary society of that church. She was preceded in death by her husband, John H., on December 30, 1943, by one son, Raphael, in 1956, and by one daughter, Alma, in 1936. Also by 14 brothers and sisters.

She is survived by one son, John J. Schlax of Salem and by two daughters, Miss Margaret Schlax of Kenosha and Mrs. Thelma (William) Keutman of Antioch. Also by six grandchildren.

The funeral was held at 11 a. m. Monday at Holy Name Church in Wilmot, with interment in Holy Name Cemetery at Wilmot.

The Rosary was recited at 8 p.m. Sunday at Strang's Funeral Home in Antioch.

MRS. CAROLYN J. SIEBERT

Mrs. Carolyn J. Siebert, 77, of Box 97, Salem, Wis., widow of the late Matt G. Siebert, former state senator of Wisconsin, died early Friday morning at Burlington Memorial Hospital after a two month illness.

Born in Kenosha June 16, 1885, the daughter of the late Mr. and Mrs. Matt Langer, she had been a resident of Salem the past 42 years. She was united in marriage to Matt G. Siebert Sept. 10, 1908 in Kenosha.

Mrs. Siebert was a member of Holy Name Church, Wilmot and a member of Holy Name's Christian Mothers and Altar Society.

Survivors are one son, Gerald M. of Salem and one brother, Frederick Langer of Kenosha. She was preceded in death by her husband, Matt G. and one brother, Nicholas Langer.

Funeral services were held Monday from the Colonial Funeral Home to Holy Name Church where mass was celebrated at 9:30 a.m. Interment was at Holy Name Cemetery. Parish rosary was said at 7:30 p.m. Sunday.

F. ANDREW COBB

F. Andrew Cobb, 70, of Little Silver Lake died Tuesday, September 25, at 8 a.m., in Victory Memorial Hospital after a four-month illness. Born June 11, 1892, on Grass Lake Road, Antioch Township, he resided in the township all his life.

He served in the army during World War I. He was a member of the Antioch Fire Department for 19 years. He was a member of St. Peter's Church. He was a retired electrician, having worked at Johns-Manville for 21 years.

Survivors are his wife Violet, one daughter, Lila Cobb of Waukegan, two brothers, Raymond of Lake Villa and M. Ed Cobb of Zion, and one sister, Mrs. Nellie Miller of Casselberry, Florida.

Requiem mass was at 9:30 a.m. Thursday, Sept. 27, at St. Peter's church, with interment in Mt. Carmel cemetery. Friends called after 2 p.m. Wednesday at the Strang Funeral home.

WHAT IS A TRUST?

Lawyers and bankers seem prone these days to tell us how useful a "trust" can be in disposing of property without ever explaining just what a trust is. To many of us, the word "trust" connotes something undesirable, probably as a result of common terms such as "anti-trust laws" or "trust-busting," which apply to monopolies.

However, the type of trust referred to here is one of the most effective devices for protecting widows and orphans.

An example best illustrates the nature of a trust. Suppose Tom owned a farm, and wants to leave it to his wife and children after his death, but realizes that his wife is unacquainted with farm management, and that it will be many years before the children are old enough to take over.

Tom can provide in his will that the farm shall be placed in a trust. Then, when Tom dies, title passes to a person, called the "trustee," whom Tom has designated to manage the farm until the children are capable of taking over. The trustee is obliged to operate the farm and to pay income to Tom's wife and children, the "beneficiaries" of the trust.

This arrangement continues until the trust is terminated in accordance with directions in the will, and the children take title to the farm and hold it free and clear of the trust.

This same sort of trust arrangement can be used with any type of property, such as stocks, money, or a business. Normally property is placed in a trust only if it produces income. For example, it would be impractical to put your car or your stamp collection into a trust.

Duties of the Trustee
The trustee can be an individual or a corporation. In Illinois a corporation cannot act as trustee unless it first qualifies to act in that capacity. The trustee is not free to do as he pleases with the trust property.

He is under an obligation to manage and invest it prudently, so that it produce the highest income consistent with safety. He is obligated to pay income to the beneficiaries or to accumulate it for their benefit, as directed in the trust, and to make a proper distribution of assets when the trust is terminated.

Naturally the trustee is entitled to receive compensation for his work. An individual whom you name as trustee may not choose to charge you for anything other than his expenses, but he may die or move away, or be unwilling to undertake the responsibility. For these reasons the use of trust companies as trustee has grown popular.

However, the trust arrangement may not be practical for some small properties if a corporate trustee is to be used, because the charges may be out of proportion to the value of the trust property.

Tax Savings Through Trusts
Trusts need not be connected to a will. They may be set up to begin during the

lifetime of the person creating the trust, and may be subject to revocation by him during his life, or irrevocable. Also, the proceeds of insurance policies may be placed in trust.

There are estate tax and income tax advantages to be gained by careful use of the trust device. These advantages are most important in connection with substantial estates, and require the consideration of competent counsel for appropriate use.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the results under the law.

Heart News Beat

Gains in the physician's ability to spot "high risk" individuals before a heart attack or stroke occurs are cited as a major development of the past year by the American Heart Association and its affiliate in a recent annual report. The Heart Council of Lake County is the local chapter of the American Heart Association.

The report attributes recent advances in combating these diseases primarily to information gained from long-term population studies of their principal underlying cause, atherosclerosis or "hardening of the arteries." By examining and observing thousands of people over many years, these studies are finding physical and environmental factors that apparently raise individual susceptibility. By enabling the physician to identify "high risk" individuals much sooner than before, the new findings make possible an early start of preventive efforts, the report said.

In addition to the findings in the field of atherosclerosis, the report cites the following as outstanding:

* Improved control of hypertension, which affects an estimated 5 million Americans, by means of drugs; improved techniques for recognizing and treating certain types of hypertension;

* The development of telemetering instruments to study the heart and to obtain more accurate data about its condition and function;

* Success in implanting tiny electronic devices inside the body to help regulate a faltering heart beat;

* Whole or partial replacement of the vital aortic and mitral valves by plastic substitutes in several hundred patients, a major breakthrough in treating the most severe forms of rheumatic heart disease;

* Continued advances in deep hypothermia (extreme lowering of body temperature) in combination with machines that take over the work of the heart to make cardiac surgery safer.

In 1962, nearly 1 million Boy Scouts and Explorers throughout the United States will camp a week or more.

Antioch Sequoits Drop Game Saturday, Conference Opener

Antioch's football woes continued on Saturday when the luckless Sequoits dropped their 15th consecutive game in a battle of defenses at Grayslake.

The Sequoits held the Rams scoreless until midway in the third period when Tim Hart scampered around end 34 yards for the first touchdown. Jimmy Stone booted the extra point.

Grayslake's only other score came late in the fourth period when John Ivester went over from the 15 yard line. The extra point attempt was blocked.

The Sequoits played a hard first half, holding the Rams to a meager 27 yards. Coach Roy Nelson blamed the defeat on the collapse of the line during the second half, both on offense and defense. Grayslake rattled the Sequoits defenses for 164 yards in the third and fourth periods.

Nelson also said, "We did not have enough variation in our plays. We should have gone wide more to open up the middle." Nelson lauded the play of Rich Fitch who did a good job on defense and offense.

Grayslake gained 170 yards on the ground and added 54 yards passing. Antioch totaled 49 yards rushing and 9 yards passing. The Sequoits attempted 6 passes with one completed and one interception.

The Antioch Sophs lost the afternoon's opener 21-12. The preps had trouble getting started the first half but showed a large improvement for the second.

Both touchdowns for Antioch came in the second half.

Freshmen Win Opening Game

The Antioch Freshman squad scored twice in the second quarter to beat the Grayslake Rams in a game played Saturday at Antioch.

Terry Eckert, playing tackle, picked up a Ram fumble on the five yard line and went in for Antioch's first score.

Later in the quarter, Dave Wardwell scored on a 30 yard reverse play. The Sequoit Fresh kept the Ram squad from getting any closer to a score than the Antioch 40 yard line.

Ducks Club Men Talk Turkey

By Harry H. Stern

Officers of Lake County Chapter of Ducks Unlimited met Monday at the McHenry Sportsmen's Club, which is to be the scene of their Turkey Shoot on October 7, and went over all aspects of the event to insure that all contests will move smoothly and quickly for the participants.

Led by chairman Ben Shostak were Ken Miller, Jack Wells, Joe Walsh and Harry H. Stern, who went over all of the details of the shoot, from initially registering the shooters, matching them up into teams of 5, scheduling their appearance on the shooting line, to presenting plump turkeys to the winners.

The traps were manned by their operators and the officers went through a dry run, taking their shots at the clay birds. If the results of this test are any criterion, the turkeys are going to catch it good at the real event and a goodly number of families will stage their own pre-thanksgiving feasts.

The first on a run by Hally Henning, Paul Lindblad intercepted a Ram pass to set up the second score. Lindblad later took the ball in for the touchdown.

Stillman is Champion

Waukegan, Sunday, Sept. 23—Billy Johnson, making his first appearance of the season at the Waukegan Speedway, scored a decisive victory in winning the season finale, 100 lap feature for modified stock cars before a crowd of 2,050 persons. Johnson led from start to finish in setting a new track record for 100 laps.

His speed of 52.28 mph erased the former mark of 51.25 mph set in the season finale last year, but last year's speed was computed on a total elapsed time of four events. Four 25 lap features made up last year's 100 lap Monza event. Sunday night, the 100 laps were run as one event. Johnson's speed could have been greater. Popular Ted Rozinski, West Allis, took a violent spill on the 10th lap of the event which brought the red flag out immediately. Rozinski had hooked wheels with Greg Krieger as the two rounded the north turn and Rozinski was airborne almost immediately. His car rolled at least three times and was totally demolished. Rozinski escaped with only a shaking up and a shoulder bruise.

Johnson again took the lead at the restart and set sail for the track record. He was riding on the bumpers of second and third place finishers, Don Schuppel, Kewaskum, and Bob Karry, as the checkered flag fell, ending the event. Schuppel had trailed Karry from the 72nd lap and passed him on the final turn to take over second spot by less than a car's length. Earlier, it had been last week's 50 lap winner, Fuzzy Fassbender, of Slinger, who had been giving Karry a tough battle. Karry had been running in second spot from the 6th lap until the 99th and Fassbender was on his bumper from the 38th until the 63rd, when he spun out and lost ground. Fassbender spun again on the 83rd lap but still wound up a creditable fourth at the finish.

Rozinski's spill marked the first time in his seven years of racing that he has ever rolled over. His accident dropped him one position in the season's standings. He had been in fifth spot, but placed only 19th in the event and dropped to sixth, giving the position to Roger Otto of Elkhorn.

Wagner Tops Sportsmen

Gino Wagner was a double winner in the sportsmen division events, topping both the 8 lap head and the 12 lap feature. He was forced to dodge many track accidents to come home the winner. Wagner went on to win after the restart by taking the win on the final stretch and nosing out leader Roger Hagl, Lake Villa, as the two crossed the line side by side. He had a larger margin in the feature however, winning by nearly a quarter of a lap over Jackson.

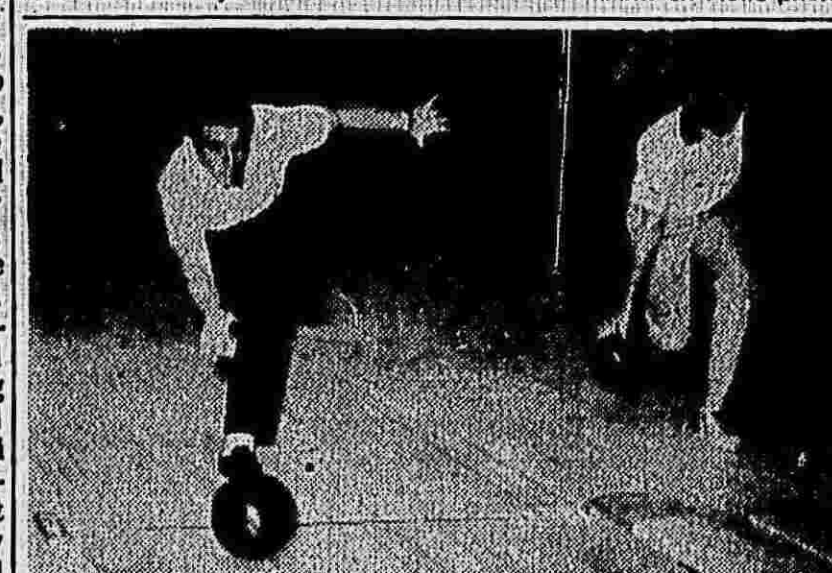

Stillman is Champ

Track champion Eddie Stillman was sidelined for the evening with motor troubles, but had no fear of losing the championship. He was over 800 points ahead of second place Bill Strom, going into the night's action and thereby wrapped up his third Waukegan Speedway championship. He previously won the title in 1958 and '59. Karry's finish moved him ahead of Strom and Karry wound up second with 2,630 points, 635 behind Stillman's 3,265 total. Strom was third for the season with 2,595.

If all the misfortunes were laid in a common heap, whence every one must take an equal portion, most people would be content to take their own and depart. So rates.

Cold Night But Hot Action At Speedway

Waukegan, Saturday, Sept. 22—The night was bitterly cold, but the racing hotter than it has been all season, as Erik Johnson wheeled his 1961 Chevrolet to new track records for late model stock cars in all events entered.

The Highland Park driver set a new one lap mark in qualifying, came out in the 8 lap trophy dash to set another mark, then returned in an 8 lap heat to rebreak the record he had just set, then topped off the night in fine fashion as he averaged over 2 1/2 miles per hour faster than the previously existing record.

In the 20 lap feature for the new cars, Roy Martinelli took the lead on the 4th lap from Duane Madsen, Des Plaines, but Johnson was right on his bumper. The big Swede tried hard to get around but it looked almost hopeless for a time until slower cars got in Martinelli's way and Johnson took advantage to sweep into the lead position on the 16th lap and finish the event a car's length ahead. He averaged 49.61 mph to erase the former marker of 46.95 mph that Jack Frost of Zion had set on Sept. 1.

Burgan Tops Sportsmen's

Dennis Burgan, Zion, ace sportsman pilot, won his third straight Saturday night feature for sportsmen stock cars and averaged 44.29 mph to take the win by over a half lap margin. Second place went to Ed Kroncke, Waukegan, while Roger Hagl, Lake Villa, finished third.

As is usual in sportsmen type events, less than half the field was still running at the finish. Marty Martin, Waukegan, tasted only a half lap as he spun and was hit by Tom Dill, Zion. The impact flipped Martin's car over onto its roof but he escaped uninjured. Gino Wagner, Cudahy, second running man in the sportsmen division, came up from the rear to take the lead on the fourth lap, but Burgan got by him on the fifth and went on for the win.

Charles Hecks, Kenosha, escaped with only a bruised shoulder when his car took a violent spill during the running of the third sportsmen heat. The accident took place on the last lap, when Hecks apparently lost control of the vehicle. He rolled two hard times, hit-

ting the ground on each roll. The engine caught fire and was quickly doused by track officials.

Several mass pileup accidents eliminated many cars from further race events and by the time the added powder puff derby was scheduled, only 10 sportsmen cars out of the original field of more than 30 were available for the ladies. The ladies event was stopped on the third lap when Paula Mercer of Waukegan hopped over the infield wall, used to protect the starter. The machine bounced up and over, and nose dived into a small utility pole used to string communication wires over the track to the judges' booth. The pole was demolished and wires fell across the track, making a restart necessary. As the red flag came out Barbara Schweigert, Fox Lake, forgot to apply the brakes and hit another competitor squarely in the back end, putting both out. No one was injured in either accident. Arlene Johnson, Waukegan, went on to win the event at a speed of 38.91 mph.

Antioch Little League

The attention of Antioch Little League parents is called to the annual meeting to be held at the Scout House at 8 p.m. on Sept. 28. All parents who have boys participating in Little League in 1963 are urged to attend.

Officers for the 1963 season will be elected, and a financial report will be given.

Junior League High Scorers

Several Junior League bowlers are still hitting high scores. Last Saturday Ray Westhoff was high in the league with a 549 series on games of 168-190-203. Jerry Berko was a close second with games of 200-174-157 for a 531. Bob Lenczewski had a 174-191-157 for a 515. Roger Halliwell turned in a 213 game.

Ford to Sponsor Punt, Pass & Kick Contest

Antioch area grade school boys from seven through 11 can pit their football skills against thousands of other boys throughout the nation in the second annual Punt, Pass and Kick competition which will culminate with a White House reception and an appearance at the National Football League Championship game for the top ten winners. Sponsored nationally by the Ford Division of Ford Motor Company and the National Football League, the Punt, Pass & Kick program—or PP&K—will be staged in Antioch by Lyons-Ryan Ford.

Antioch youths will be tested for their ability to punt, pass and kick (using a kicking tee) footballs on the same day as thousands of other boys all over the country, with warm-up jackets, football helmets and autographed footballs to be given as first, second and third prizes for each age group, or five top Antioch winners in all.

Scores throughout the state then will be compared to determine the most skillful seven, eight, nine, ten, and eleven year old fledgling football stars in each of the areas covered by the telecasts of the 14 National Football League Teams.

Area winners and their fathers will receive all-expense paid trips to a National Football League game in their area, and will compete during half-time to determine the five top Eastern Division winners and five top Western Division winners. These ten boys will visit Washington and the White House, accompanied by their parents, and then will go to the site of the NFL Championship game, for half-time competition to determine the five National winners.

Tony Scully, salesman for Lyons-Ryan, pointed out that there is no body contact necessary in the competition, no charge for entering, and no special equipment needed. "Registration will be open throughout October," he said, "with Lyons-Ryan as the registration headquarters." "Last year, the first year of the P & K program, more than 200,000 boys entered the competition," he said, "and President Kennedy said 'Programs of this type will enable our youth to build the energy and strength that is their American heritage.'"

Mr. Scully said entrants will be judged on the distance and accuracy of their punting, passing and kicking (using a kicking tee), with points awarded for each foot of distance the ball travels on the fly and subtracted for each foot the ball lands to the right or left of a center line. The Antioch competition will be held at the Antioch High School on Saturday, Nov. 3.

Any ties in the local competition will be played off on the day of competition, and ties for top spot in the state and area standings will be played off at special contests. State winners will receive trophies, and area winners will receive complete junior-type football uniforms of the NFL team in their region, and the uniforms worn when the winners compete during NFL half-time ceremonies to determine the Divisional champions.

October, 1962 WEATHER FORECAST

The month of October for the Chicago area is expected to average near the normal temperature, but precipitation will total somewhat more than normal for the month. (Normal degree/days 350, normal precipitation 2.56 in.)

TEMPERATURE DETAILS:

The warmest weather is expected to prevail during the first half of the month, with temperatures averaging much above the normal. The period from October 4-10th will be especially warm, with temperatures climbing into the low and middle 80's. About the 11th somewhat cooler weather will move in and remain until around the 15th, after which a turn to slightly warmer than normal will prevail until the 22nd. Near the 23rd a colder trend will set in for the remainder of the month, with temperatures at times dropping to freezing or below.

PRECIPITATION DETAILS:

The first part of the month will be marked by dryer than usual weather, which will change around October 5th becoming light showery conditions intermittently for four or five days. On the 10th or 11th, considerable rain will fall accompanied by dropping temperatures associated with a cold front moving through the area. Dry weather will then set in for several days from October 12 thru the 16 or 17th, after which light showery conditions will prevail intermittently again until the 22 or 23rd.

A second rather sharp cold front will move through Chicagoland near the 23rd, bringing brief heavy rain and thunder. Thereafter comparatively cool and dry-weather will predominate the period from the 24-31st.

WIND DETAILS:

Winds for the most part during the month of October will be light to moderate, except becoming briefly strong during the cold frontal passages around the 11th and 23rd. These two periods will also be marked with a wind shift from southerly to northwesterly, with gradual backing to more westerly.

Illinois Singles Fishing Bout Finals Sunday

With two anglers each day qualifying for the final fish-off for the title of Illinois Singles State Champion, the championship bout of fishing is in full swing at Barney Shummeson's Boat House at Channel Lake.

The qualifying round of the singles fishing contest ends Saturday, September 29, and the finals in which qualifiers will compete will be held Sunday, Sept. 30.

The two fishermen garnering the most points each day qualify for the finals. On good fishing days, Barney commented, some have failed to qualify who had rolled up 100 points, while on poor days winners will have much lower scores. Points are

gained on the kind of fish and poundage taken.

Sunday's fishing will run from 9 a.m. to noon, then from 1 p.m. to 5 p.m. The contest started on September 17. There will be the 26 qualifiers in the final competition, plus the 1960 champion, William Hoffman, of Evanston and the 1961 champ, Harold Smiley, of Round Lake Beach, who will be seeded in the finals. Sunday's winner will be decided entirely on the points earned that day. The winner will represent Illinois in the World's Series of Fresh Water Fishing championship, which will be held in Oklahoma from October 15-19.

The competition in Oklahoma will be held on four lakes, plus a float trip on the Illinois River. Champions from all the states, plus contestants from Mexico, Porto Rico and several provinces of Canada will compete. Also competing will be representatives from the press, radio and TV.

In Sunday's competition, each contestant will be accompanied throughout the day by a "watcher" furnished by another contestant. There will be no opportunity for "hanky-panky" of any kind.

Qualifiers in the contest to date, and their points are: Joseph Ward, Chicago, 57½ points; Allen Linder, Chicago, 76 points; Raymond Dolac, Chicago, 41; Clifford Mercier, Chicago, 35½; Daniel Lowrey, Chicago, 54; Charles Ambros, Chicago, 25; Robert Linger, Forest Park, 63; John Peters, Chicago, 61; Don Nichols, LaGrange Park, 38; Robert DeDecker, Ingleside, 23; Ronald Lindner, Chicago, 163; John Engmuth, Round Lake, 140; Shirley Lenz, Skokie (the lone gal qualifier to date), 75½; Louis Kusaba, Brookfield, 178½ (his catch included eight bass and two Northerners); George Wendell, Round Lake, 62½; Robert Washburn, Sioux Road, Waukegan.

PROMINENT SPECTATORS at the Governor's Cup Regatta last weekend are Governor Otto Kerner, at right, Frank 'Dixie' Davis, Conservation Supervisor, left, and Edward Sullivan, Commodore of Chain O' Lakes Boat Club, center. Davis presented the treasurer trophy to Lou Portalski.

The wonderful things Gas will do

Low down payments...
Easy monthly payments!

1. Amazing new way to cook. Only gas cooks food perfectly, then keeps it ready to serve for hours—automatically. This "controlled cooking" ends oven-watching, avoids problems of late arrivals that ordinarily could ruin a carefully planned dinner. "Controlled cooking" is the easiest, most modern way to cook, and only modern gas ranges offer it.

2. Washes dishes cleaner. Only the new Preway has an economical, fast gas-fired water heater built right in to heat wash cycle water to 160° and scour your dishes cleaner. Then the Preway super-heats rinse water to 180° to sanitize dishes and bring new health protection to your family.

3. Easy heat for added rooms. New wall-vented room-heaters need no chimney... fit almost anywhere to give you fast, dependable, economical heat for added rooms, breezeways, garages. Compact, quickly installed, fully automatic. Many attractive styles and sizes.

4. Friendly protection. The modern, attractive gas yard-light provides a welcoming glow for family and friends... illumination for patio parties... beams protective light all through the night.

Now's the time to visit your Northern Illinois Gas Company store and see how easy it is to own and operate these modern gas conveniences.

"Chip" Eberman Assigned To S. S. President Roosevelt

Cadet Elmer E. Eberman, son of Mr. and Mrs. Elmer E. Eberman, Route 3, Box 444, Antioch, has been assigned to the SS President Roosevelt for the first voyage of his second year in training as a member of the Cadet Corps of the U. S. Merchant Marine Academy. While serving as an Officer-in-Training at sea, Cadet Eberman will use this American Flag Merchant Vessel as his laboratory and will receive practical training and experience in shipboard operations. During this sea year Cadet Eberman will travel upwards to 100,000 miles through the seven seas and visit the principal seaports of some 20-30 foreign countries throughout the world.

"Chip" Eberman

Next Fall, Cadet Eberman will return to the U. S. Merchant Marine Academy at Kings Point, New York, where he will continue his academic studies leading to a Bachelor of Science degree, a U. S. Coast Guard Merchant Marine Officer's license and a commission in the Naval Reserve. Immediately upon graduation he will be qualified to assume the responsibilities of an officer in the American Merchant Marine.

Cadet Eberman is a graduate of the Antioch Township High School.

His ship, the President Roosevelt is operated by the American President Line and is engaged in Far East trade, making port calls at Honolulu, Yokohama, Hong Kong, and Kobe.

The United States Merchant Marine Academy is one of the five Federal Academies created by Acts of Congress for the specific purpose of training qualified young Americans as officers in the various services. It is located on the North Shore of Long Island in the village of Kings Point, from which it takes the name "Kings Point," just 17 miles from

New York City. The Academy occupies 65 acres centered by what was the Walter P. Chrysler estate, on which are 40 buildings containing educational as well as complete marine facilities.

The mission of Kings Point is to attract young men ambitious to become Merchant Marine or Naval Reserve officers, and to impart to them the academic background and the fundamentals of nautical practice necessary to success in a Maritime career. High school graduates and seniors who will have 15 credits upon graduation may qualify for appointment. Seven of these credits must be in mathematics, English and Sciences, the remaining eight may be in electives. This does not preclude high school graduates of former years and/or students now attending junior colleges. The age limits are 17 to 22 years of age.

As in all Federal Academies, the first step in seeking appointment to Kings Point is the Congressional nomination. Every United States Congressman and Senator is allowed by law to nominate ten candidates for each entering class. Candidates must secure this nomination by writing to their Congressman themselves. It is advisable to write for information as soon as the decision to become a candidate is made. During the junior year is not too soon. These Congressional nominations are due annually by Jan. 31 of each year, and appointees report to the Academy in August of the same year.

While studying at Kings Point, Cadets are deferred from Selective Service for the four year course. Six months prior to graduation all Kings Point seniors must apply for a United States Naval Reserve Commission. Upon graduation, a Cadet may elect to request active duty with the Navy, or sail on Merchant Ships. If he selects the latter, he may remain in the Commissioned Naval Reserve until called. When called, he will serve as a Naval Reserve Officer. A cadet at Kings Point is assured of what amounts to a complete scholarship for four years, entitling him quarters, subsistence, uniforms, textbooks, and medical and dental care. As at all Federal Academies an initial deposit is required. However, this deposit will have returned to him through Government allowances and through earnings during his year at sea, the second year in matriculation.

Upon graduating the Kings Pointer receives an accredited Bachelor of Science degree, a Coast Guard Merchant Marine License as a Third Officer, Deck or Engine, and a United States Naval Reserve Commission. He is fully qualified to sail any ship, any tonnage, any ocean, or for active duty with the United States Navy. In order to learn more about the United States Merchant Marine Academy, write to: Academy Training Representative, Maritime Administration, 180 New Montgomery St., San Francisco 5, Calif.

Bicycle riding can be fun, says the Chicago Motor Club, but also it can be dangerous—especially for those who don't know or don't obey the rules of the road. Bicyclists enjoy the same privileges as motorists, but they also must heed all the basic traffic rules and regulations.

Tariffs—

"Once a nation embarks on the protectionist route through tariffs, the result will always be reciprocal. Since a tariff barrier always hurts the economy of the nation which is trying to export into the country with the barrier, it is normal procedure for that country, in turn, to put up a tariff retaliation. Economic warfare via the tariff route is the result. All

that actually happens in the process is the raising of prices and labor costs, the development of shortages all the way around and a diminution of the standard of living which is principally noted in the nation with the highest tariff."—Appeal Democrat of Marysville-Yuba City, Calif.

Ivy Cancer League

Ten ladies attended the Ivy Cancer League meeting Thursday evening at the home of Lu Stanley. Discussing the various booths they would have at their bazaar was the main topic of conversation. There will be booths with Barbie dolls and clothes, toys and stuffed animals, miscellaneous items, pictures, flower arrangements, and aprons, crocheted items and other articles for sale. The bazaar will be at the Lindenhurst Civic Center on Nov. 24. Funds raised are given to the Ivy Cancer research foundation.

Martha Orbanek would appreciate receiving your old plastic bags that you get from the cleaners. She is going to

Fishermen

Ted Plouvez spent five days fishing up in northwest Wisconsin last week with his brother-in-law, Don Chivari. They caught several northern and wall-eyed pike.

CYO News

The CYO Club of Prince of Peace Church will hold a "Bon Fire" outing Sunday, Sept. 30, starting at 6 p.m. on the church grounds. Games will be played, including baseball. There will also be a "wienie" and marshmallow roast.

Stamp Club News

The Lindenhurst Philatelic Club recently held an election of officers. Bruce Muir was elected president; Danny Toman, vice-president; and Lain Barthel, vice president. They all reside in Antioch. Arnel Shepard of Lindenhurst is the new secretary.

Other members are Tony Haber, Cheryl Shepard, Neil Hanson and Lynn Barthel. They meet at the home of Mrs. Henry Weber twice a month. The club is limited to ten members. Any younger interested in stamps should call Mrs. Weber.

Ev. United Church

Mrs. Thomas Lowery will be hostess when the WSCS meets tonight, Sept. 27, at the parsonage on Beck road, at 8 p.m. Co-hostesses are Mrs. Joyce Gorski and Mrs. Maria Antonacci. All ladies are invited to attend.

Party

A party will be held tonight, Sept. 27, at Prince of Peace Church in Lake Villa for all the Festival Workers and their husbands or wives, starting at 8 p.m. There will be entertainment and refreshments.

Traffic Regulations

Parishioners are asked to observe the traffic regulations when entering and leaving Prince of Peace Church grounds on Sundays. If everyone will enter from Route 21 and leave by Route 132, traffic will flow smoothly.

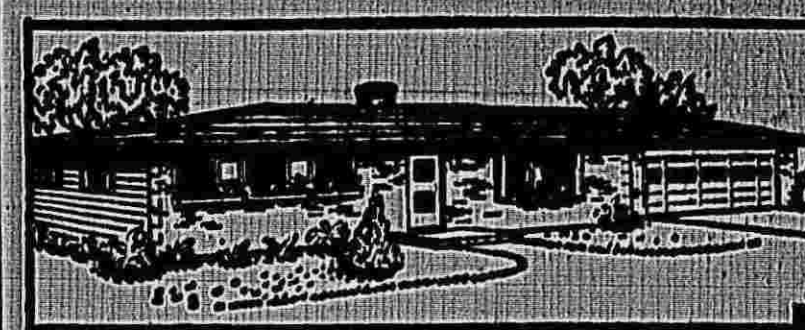

Anniversary

Congratulations to Mr. and Mrs. Dominic Wilhelm of Venetian Village on their fifty-first wedding anniversary September 27.

New Residents

Mr. and Mrs. James (Hazel) Shanahan of 2308 East Sand Lake road are newcomers to Lindenhurst. They moved into their new home July 27 from the north west side of Chicago. They have three boys, Mark 7, Randy 4½ and

THE NORMANDY - 44

Regal French Provincial in a low cost home

Eleven hundred and forty-four square feet of living space within the proud style of French Provincial... simulated leaded windows with decorative panels between and flower boxes beneath... plus paneled doors. Authentic quoin corners on the front add to the low sweep of elegance. Hand-some two car garage can be added as an optional feature for very little additional cost, or choose a single car garage, carport or breezeway. The family size dining room can be easily converted to a fourth bedroom or family room. Also available in early American, modern or ranch styles that use this same basic floor plan. Any of these homes can be built by the homeowner at savings up to 50 per cent over a similar ready-made home. This savings in cost buys twice the house at half the cost! Many families have a contractor build the basic home and still save substantially by finishing the interior at their leisure. Recently when their friends Bob and Virginia Garner of Crawfordville, Ind., visited them, they took them over to see the model homes. Before they left, they purchased a lot around Magnolia and Timber Lane.

Rita Wismer and Ann Leibl each had a "coffee klatsch" for Hazel to acquaint her with her neighbors. She appreciates the friendly gesture very much.

St. Mark's News

There will be a meeting Thursday evening at 7:30 at St. Mark's Church in Lindenhurst for all American Lutheran Church Women. The ladies are asked to bring their Bibles that they may participate in the study. Sunday School teachers will attend the Church Workers Conference at St. Mark's Church in Mt. Prospect next Sunday afternoon from 3:30 to 8:30 p.m. The name of the course this year is "The Faith We Teach."

CARE Helps Victims of Disaster Abroad

CHICAGO—CARE has increased its emergency relief operations and is bringing immediate on-the-spot aid to the disaster victims of the recent earthquake in Iran and the typhoon in Hong Kong. It was announced today by Charles W. Stinger, CARE Midwest Regional Director.

Stinger reported that unlimited numbers of food packages from present supplies will be rushed to victims in Iran. In addition, \$10,000 has been authorized for local purchases of vitally needed supplies.

Hong Kong flood victims will receive CARE food packages, as well as 4,000 blankets from CARE's emergency stockpiles, continued Stinger.

Stinger emphasized that contributions are needed for both of these programs, and that donations to CARE, 1 South State Street, Chicago 3, should be marked "Iranian Relief" and "Hong Kong Relief."

freshments will be available. Mrs. Frances Barnstable and Mrs. Helen Page are co-chairmen. For pickup call Elliot 6-5469 after 4 p.m.

Attends Wedding

Carole Drago traveled a long way to attend a wedding recently. She left here on a Friday night for Buffalo, N. Y., arrived there at 8:30 a.m. on Saturday, made it to the wedding by 10, and arrived home Monday afternoon. She had a wonderful, busy weekend.

Carole celebrated her 18th birthday on September 19. She had lunch at the Ardia with some friends from work. Little Mitchell and Bradford Kleban, along with their dad, shared Carole's cake in the evening, with the Drago family.

Tomorrow-GO JET-SMOOTH CHEVROLET for '63

If it didn't say Chevrolet on the flanks of the superb automobile you see here, you'd have a hard time proving it's a low-priced car. It offers luxurious styling, extremely comfortable, spacious and silent interiors... plus a lot of invisible ways to keep it looking and running like new when a lot

IT'S EXCITING!

of others have started to sag and sigh: new flush and dry rocker panels under the doors to guard against rusting... self-adjusting brakes... Delcotron generator for longer battery life. If you ever wondered why Chevrolet leads its field, a drive in this '63 should answer all your questions.

GO CHEVY II for '63-IT'S EXCITING!

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

GO CORVAIR for '63-IT'S EXCITING!

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

THE ANTIOCH NEWS 12 THURSDAY, SEPT. 27, 1962

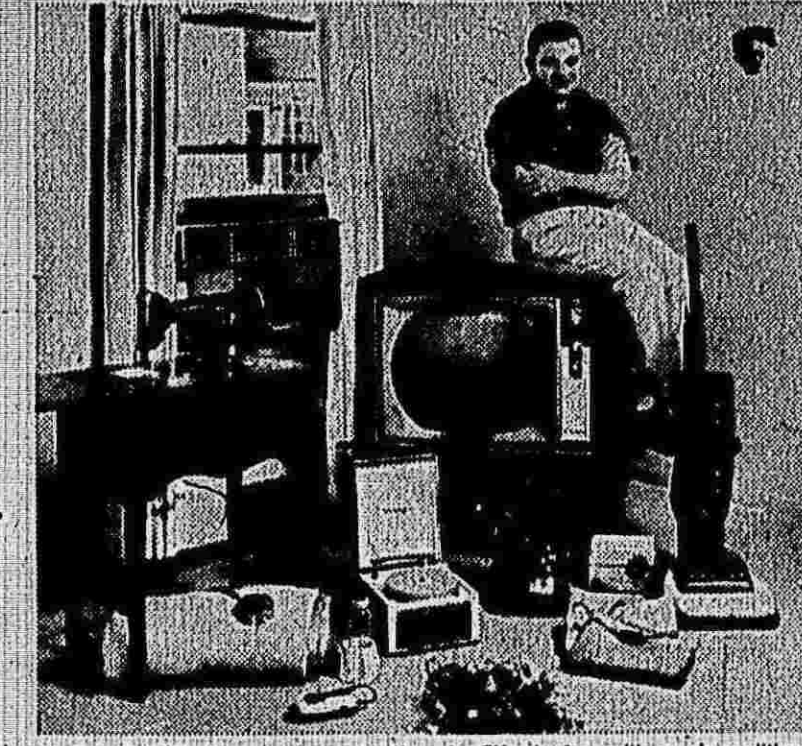

Here's Mrs. Colleen Bettenhausen pictured with her tank vacuum cleaner, polisher, dryer, washer, vaporizer, corn popper, dehumidifier, waffle iron, three clocks, iron, electric tooth brush, roaster, exhaust fan.

"What can I take apart?" asks Baby Matthew. With him are the refrigerator, toaster, food mixer, roaster, coffeemaker, can opener, knife sharpener, meat slicer, fry pan, hot dog cooker, hand mixer, disposer, 2 shavers, blender, (Behind Matthew).

Young Brad enjoys results from the ice cream maker. Under him a 21 cu. ft. freezer, 2 TV sets, hair dryer, stereo hi-fi, wall heater, dill pump motor, electric sissors, fire starter, light bulb, 75-watt (10), 25-watt (13), 100-watt (16), 3-way (50-100-200-watt)—4, and 3 fluorescent—20, 20, 15-watt.

Mr. Robert Bettenhausen poses atop the color TV set, along with an air conditioner, sewing machine, electric blanket, bottle warmer, phonograph, hair clippers, projector, radio, 2 heat pads, vacuum, and tree lights.

Little Bill reports: **46¢ worth of electricity a day runs all these appliances for the Bettenhausens**

Most folks are mighty surprised at the number of electric helpers they own. The Bettenhausens were. They now have many more electrical appliances than they started with and are actually using about three times as much electricity. But the Bettenhausens, like all of us, are paying less for it per kilowatt hour than they did years ago. One reason for this is the Power Grid System which connects our power lines with companies in thirty-two other states. With this system we can often buy (or sell) power at advantageous rates which helps keep the price you pay down. That's another reason why it costs so little to live better electrically today!
